Universal | dimension **17,8 x 10 cm** | white

MINIMUM ORDER QUANTITY

1000 pcs + shipping costs according to quantity | box of 50 pcs
No return or exchange

Certified under
EN 14683 + AC : 2019
type II R

CE marking
- Fulfills the legal requirements

Thanks to its precise, reliable and **snug fit**, the mask not only **protects others from droplets and impurities, but also offers a high level of protection for the wearer.**

The mask can be individually adapted to the shape of the nose thanks to a flexible nose clip sewn. The **extra long clip** ensures **optimal fit** to the shape of the face and prevents your glasses from fogging up.

Improved, high wearing comfort thanks to soft elastic ear loops. **Reduced pressure points**, preserves the ears.

Biological compatibility and no skin irritation

ATTESTATION/CERTIFICATES

- The product complies with the **EN 14683+AC:2019 type II R** masks standard, tested by the Central Institute for Safety at Work - National Research Institute for Bacterial Filtration Efficiency, Microbiological Purity and Respiratory Resistance and InnoNIL / National Institute for Medicinal Products for the evaluation of biocompatibility.
- The product has a health quality certificate **NIZP-PZH B-BŽ-6071-0123/20/C** valid until 23.04.2023
- The non wovens fabric which the masks are made have a **NIZP-PZH health quality certificate and the OEKO TEX Standard 100 certificate.**
